Unless the client's account is managed through a wrap program, our management fee does not include brokerage commissions, transaction fees, or other related costs and expenses that are normally incurred by the client. If a client's account is managed through our wrap program, the asset-based fees associated with the wrap program will include most transaction costs and fees to a broker-dealer or bank that has custody of the client's assets, and are therefore higher than a typical asset-based fee.

For our financial planning services are provide at an hourly rate of \$195. We will provide an estimate of the total time to complete the advisory or planning project at engagement. Rates may be adjusted to reflect individualized services.

- a) Some of our owners and associates are registered representatives of Raymond James Financial Services, Inc., and may sell securities to clients for a commission that is separate from our management fee. This creates a financial incentive to recommend securities purchases.
- b) Some of our owners and associates are independent insurance agents, and may sell you insurance products for a commission that is separate from our management fee. This creates a financial an incentive to recommend insurance purchases.
